

DR. RICHARDS' WORDS SHOW WHY TRUTONA OVERCOMES BAD AFTER EFFECT OF "FLU"

"An Appetizer, System Builder, Strengthener and Real Nerve Tonic,"
Prominent Physician Declares of Perfect Preparation--
What All "Flu" Victims Need.

"As an appetizer, strengthener, system builder and real nerve tonic, I can heartily recommend and commend Trutona."

Dr. J. Richards, the prominent Tennessee physician, in making the foregoing statement, has really pronounced Trutona a remarkable treatment for overcoming serious after effects of influenza, pneumonia and the like.

Victims of these dreaded winter maladies, after "recovering" from an attack, almost invariably find themselves possessed of little or no appetite and their system in a dreadfully weakened, run down and nervous state. Considering Dr. Richards' words it is easy to understand why Trutona has proven such a remarkable remedy for overcoming these bad after effects. "An appetizer, strengthener, system builder and real nerve tonic"—these are the qualifications that have won for Trutona the unstinted praise of thousands of unfortunate influenza and pneumonia victims who have regained their health through the Perfect Tonic.

"WHAT OTHERS SAY"

Mike Hamilton, a traction company employe and well known Terre Haute,

Ind., man who lives at 418 South Pearl Street, enthusiastically praising the reconstructive powers of Trutona says:

"I can hardly realize how much good Trutona's done for me in ridding my system of the after effects of influenza. I certainly feel different nowadays and I can highly recommend Trutona, especially as an after-the-flu medicine."

Harry Lee, 1661 Gallagher street, Louisville, Ky., a sufferer from the after-effects of pneumonia, says: "I've gained twenty-eight pounds and feel fine now—just like a new man, taking Trutona," all of which is surely conclusive proof of Trutona's merit.

"I've found Trutona to be very efficient in overcoming after-effects of influenza," declares Mrs. Iva Gates, a well-known Peru, Ind., woman of 155 Canal Street.

There are scores of other similar statements and they prove conclusively that there is no better preparation for the treatment of after-effects of pneumonia, influenza, deep colds and the like than Trutona, the Perfect Tonic.

The purpose of the meeting was to call the future meetings and get our citizens together

ALL LIGHT CAR ROAD
RECORDS SMASHED

At Indianapolis last week one of the new Overland 4 stock cars was driven 5,452 miles continuously in seven days and nights, over frozen country roads---and finished ready to do it again.

This is an average of 772 miles per day; more than the distance between Toledo and New York City covered each day. This is another tribute to the cushioning effect of TRIPLEX SPRINGS and the quality of material in Overland 4.

How to Spend \$10.00

I know—you don't need anybody to tell you how to spend your money, you say. But wait a minute—do you get ten dollars' worth of food values when you spend ten dollars for food? Sort of subtle, yes? Well, you get the answer in

The COUNTRY GENTLEMAN

What I'm leading up to—subtly—is that you should start next week to read a series of articles about—I guess I won't tell you, after all, what it's about. Read this issue and see!

I will tell you this much: Look for an article by R. M. Cleveland, with a cartoon by Edwin Marcus—and see what the woman in the picture has bought with her ten dollars. Then go and spend your ten-spot the same way. It will pay you. . . . And really you need eleven dollars if you

are to let me advise your spending—ten, as aforesaid, for food, and one to pay for a year's subscription for THE COUNTRY GENTLEMAN. You need not be without it from week to week for I'll have the postman deliver it to you every Thursday for a whole year for only \$1.00.

That's Less Than Two Cents a Week!
